Welcome to the Arizona AT & DME Reuse Coalition.

This website is designed to provide a comprehensive and searchable listing of all participating Arizona programs providing Assistive Technology (AT) & Durable Medical Equipment (DME) Reuse activities for Arizona residents who need a piece of equipment or those who have used/pre-owned items that they want to sell, donate or exchange.

If you are a **CONSUMER or a REHABILITATION PROFESSIONAL** looking for a Reuse program get started by clicking on Search Provider Directory and enter your search criteria information.

If you **REPRESENT A PROGRAM** providing an AT or DME Reuse Service and would like to be listed on this website as a resource please click on Create Profile and enter your program's information.

What is AT?

AT is defined as **Assistive Technology** and means any item, piece of equipment or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve the functional capabilities of a person with a disability.

What is DME?

DME is **Durable Medical Equipment** and is generally defined as sturdy, long lasting items and appliances that can withstand repeated use, are designed primarily to serve a medical purpose and are not generally useful to a person in the absence of a medical condition, illness or injury.

Type of Reuse Activities

- Device/Equipment Exchange - What is this?
- Device/Equipment Reassignment - What is this?
- Device/Equipment Remanufacturing - What is this?
- Device/Equipment Recycling - What is this?
- Device/Equipment Reutilization - What is this?

Questions?
