

What are the Goals of ADDPC?

- The Council seeks to develop, support and maintain employment for persons with developmental disabilities to provide them with appropriate choices and opportunities to work in jobs matched to their interests and skills while being compensated with appropriate wages and benefits.
- The Council encourages and supports self-advocacy as a means for persons with developmental disabilities to address issues that impact their ability to live with dignity, independence, choice and full inclusion in the community.
- The Council empowers persons with developmental disabilities and their families by providing information that promotes informed decision making when making choices and seeking the highest quality of life.
