Emergency & Disaster Preparedness Training

Ray Morris, founder of Dads 4 Special Kids, has been in the fire service for 30 years. His life experiences of living with a Father who was quadriplegic and raising a son with profound disabilities motivated him to create an emergency/disaster preparedness program to assist individuals and their families in creating a plan around their specific needs. Dads 4 Special Kids has developed an Emergency/Disaster Preparedness Guidebook and conducts workshops which include ways to collaborate with local fire departments in their preparedness. Contact Dads 4 Special Kids to schedule a training, or visits us online. www.d4sk.org

Message From Founder, Ray Morris

From the time Zachary was born, I've been on an amazing journey of personal growth, learning to embrace life in a new way. I know, without a doubt, I would not be the man I am today if it weren't for the experience of raising a child with special needs. This is not to say that it has all been easy; it has been, and will continue to be, a daily God-given challenge to better myself, my faith, and my family by sharing my life with other men who hold the honor of being a Father to a special child.

This is why I began Dads 4 Special Kids. I want to provide the knowledge and support that I so needed when I began my journey.

Every man's journey is unique, but he should never be alone in the walk!

D4SK Founder Ray Morris, received the Herb Drinkwater Award from the City of Scottsdale, with wife Kelly.
