

What Is Pepsi Act?

- Pepsi Achieving Change Together (ACT) is a formal partnership between *Pepsi North American Beverages (NAB)* and *Disability Solutions @ Ability Beyond*, a U.S. non-profit that specializes in corporate disability recruiting programs.
- Pepsi ACT is dedicated to proactively recruit, train and hire individuals with disabilities nationally.
- PepsiCo's employee resource group (ERG), EnAble, will play a key role in Pepsi ACT.

Why Pepsi ACT?

- **Pepsi ACT Transformation** – Allows for proactive advances in the way PepsiCo defines its internal and external culture so they accurately represent the community and consumers they provide services to -- true demonstration to PepsiCo's Performance with Purpose.
- **Driving Innovation** - Pepsi ACT goes above and beyond compliance with the newly implemented § 503 regulation. Pepsi ACT focuses on revolutionizing PepsiCo's access to qualified employees through differing marketing strategies and opens access to a new customer base.
- **Smart Partnership Development** – Through the Pepsi ACT strategic planning process, Disability Solutions @ Ability Beyond will work with leadership to minimize mutual frustration in developing meaningful partner relationships by:
 - Identifying partners based on mutual needs
 - Training partners to understand culture, hiring needs, desired skills, etc.
 - Formalizing partnerships to demonstrate proactive outreach
 - Supporting leadership and partners to build success
- **Pepsi ACT is entirely self-sustaining relying on the following:**
 - **Broadening Customer Base:** Tapping into the incredible spending power of persons with disabilities and their friends and family
 - **Building Brand Association:** As a first adopter, jobseekers will immediately identify the link between PepsiCo and the outreach initiative
 - **Strengthening the Organization:** Individuals with disabilities demonstrate lower turnover and reduced absenteeism while increasing morale and loyalty
