| Division of Developmental Disabilities (DDD) Service Definitions | 4 |
| Division of Developmental Disabilities - Organization and Contact Information | 5 |
| Rehabilitation Services Administration Vocational Rehabilitation (RSA-VR) Service Definitions | 30 |
| Rehabilitation Services Administration Vocational Rehabilitation - Organization and Contact Information | 31 |

How to Use This Directory

This directory identifies key employment services offered by employment providers in Arizona. It does not, however, provide a comprehensive list of all of the services offered by each provider. The information was obtained by employment providers who responded to the survey.

This guide is organized by funding source (either the Division of Developmental Disabilities (DDD) or the Rehabilitation Services Administration - Vocational Rehabilitation (RSA-VR)), with providers listed alphabetically by county. Some of the services listed may not be funded by the Division of Developmental Disabilities or Vocational Rehabilitation. Please confirm with the provider which services are funded.

This list will be updated throughout the year. Please check back with the Arizona Developmental Disabilities Planning Council (addpc.az.gov/resources) to ensure you have the most up-to-date version of the Arizona Employment Provider Directory.

To contact DDD directly, click des.az.gov/services/disabilities/developmental-disabilities or call 602-542-0419.

To contact RSA-VR directly, click des.az.gov/rsa-contact-information, or call 1-800-563-1221.

Division of Developmental Disabilities (DDD) Service Definitions

Note: The following services are available to working-age DDD members, unless specified otherwise.

| Service | Definition |
|--|---|
| Individual Supported Employment (ISE) | Provides job-coaching support at a competitive job site with the employed member and/or employer. Individuals receiving this service work with people without disabilities and earn wages at the same rate as others in the community doing the same work. This service helps ensure that the individual with a disability maintains employment and may also include job search services if these services are not available through Vocational Rehabilitation Services. These DDD services cannot be provided in Group Supported Employment (GSE). Members receiving this service must be paid by the employer. This is a time-limited service, which must be provided on a member basis, and can be used for members who are self-employed. |
| Group Supported Employment (GSE) | Provides an on-site, supervised, paid work environment in an integrated community setting. Services may be provided in groups of 2-6 workers, such as in enclaves or work crews. If certain criteria are met, the member may be paid a sub-minimum wage. |
| Center-Based Employment (CBE) | Provides a controlled, protected and supervised work environment. This service is provided in a setting where the majority of members have disabilities and is supervised by paid staff. If certain criteria are met, the member may be paid a sub-minimum wage. |
| Transition to Employment (age 16 and above) (TTE) | Provides training in the meaning, value and demands of work and in the development of positive attitudes toward work. TTE offers individualized instruction, training and supports to promote skill development for integrated and competitive employment. Members also have opportunities to engage in job shadowing and job exploration. This service provides no pay to the individual with a disability. |
| Employment Support Aid (ESA) | Provides individuals with disabilities with one-on-one supports needed to remain employed. These supports may include personal care services, behavioral intervention and/or “job follow along” supports. These services can be provided in any service setting as well as a stand-alone service. |

To contact DDD click: des.az.gov/services/disabilities/developmental-disabilities or call 602-542-0419.

Rehabilitation Services Administration

Vocational Rehabilitation (RSA-VR) Service Definitions

| Service | Definition |
|---|---|
| Work/Career Exploration | Provides orientation to the world of work for the purpose of assisting clients with disabilities in understanding the meaning and value of work, making a decision to pursue employment, or preparing for employment. |
| Vocational and Psychological Assessments and Evaluations | Assessment and evaluation services that provide a trial or extended work experience to determine an individual with a disability's employment and rehabilitation, vocational, physical and psychological needs, as well as their strengths and ability to perform adequately in a work environment. |
| Work Adjustment Training (WAT) | Provides treatment and training in the meaning, value and demands of work in the development of positive attitudes toward work. |
| Job Training/Post-Secondary Education (ex. job coaching, job retention, extended supported employment, post-employment) | Pay for the cost of training individuals with disabilities in college, university, vocational school or occupational settings. Maintenance support may be given to individuals who will attend a training institution outside of commuting distance due to disability-related needs. |
| Assistive Technology (includes assessment, modifications, support, technical assistance) | Provides assistive technologies, equipment design, technology training and technical assistance to individuals with disabilities for the purposes of education, rehabilitation, employment, transportation, independent living and recreation. |
| Job Readiness Training (ex. Interviewing, time management, resume writing) | Provide instructional services to help an individual with a disability be more independent in the home and within the community. These services can be provided alongside other vocational services and may include but are not limited to: orientation, adjustment and mobility training, rehabilitation, personal management, training in home and adapted communication. |
| Self-Employment Consultation and Training | Provides consultation and planning support, as well as entrepreneurship training to individuals with disabilities who have or want to start their own business. |

To contact RSA-VR click des.az.gov/rsa-contact-information or call 1-800-563-1221.
